Rogers said through the change in government by the Soviets, "Their nearest ally, Red China, is now split from them."

He said the failure of Communism in this hemisphere is shown in the circumstances surrounding Cuba.

Rogers said, "Finally, Castro's economy is chaos. His sugar crop is the smallest in 20 years and he has not the credit to continue foreign purchases. So, instead of being a showcase of Communism in this hemisphere, Cuba is a showcase of Communistic failure."

ENJOY STEAK SUPPER

Members of the Beta Omicron Chapter, Beta Phi Sorority enjoyed a western-style steak supper on the patio at the home of Mr. and Mrs. Jose Antuna, 180 N. Greenstar recently.

Blue Devils Lose The 5th Straight

Losing their fifth straight game in as many starts the Pahokee Blue Devils had this week to recuperate from their losses with no game scheduled for tonight. Next Friday night will see the local aggregation go up against the Martin County High School squad from Stuart on the Pahokee gridiron.

Last Friday night the Riviera Beach Hornets journeyed to Pahokee and by scoring once in the third quarter were able to carry home the victory over the local gridsters. It was Riviera's first win of the season and naturally they were a happy group of youngsters after the game.

The Blue Devils tried to come back late in the game and try some razzle dazzle of their own. Pell took the ball and handed off to Jim Tyson on an end-around. Tyson stopped when the secondary came up and passed 34-yards to Padgett who was in the open. The pass was a little short and Padgett had to come back for the ball and it gave the Hornets time to get back.

On the next play Pell faded back to pass and had the ball batted back to him by the onrushing linemen of Riviera. He was hit and fumbled the ball after catching his own pass. Cecil Adams fell on the ball and the Hornets were back in business.

Mills Will Grind Starting Monday

Sugar mills in the Lake Okeechobee Region will start grinding cane next week with grinding scheduled to start after cane cutting begins on Monday morning. The U. S. Sugar Corporation at Bryant and the Glades Sugar House at Belle Glade will both get underway next Monday with Osceola Farms scheduled to start November 2. Clewiston started this past Monday.

The sugar industry contributed \$58,348,019 toward the economy of the Glades area last year.

There was a total of 3,610,804 tons of cane milled in Florida last year. The bulk of the production is in Hendry, Palm Beach, Glades, Collier and Indian River Counties.

The cane milled in this area produced 349,136 tons of raw sugar. Molasses alone was valued at \$3,113,120.

A reception for Mayor Haydon Burns, Democratic candidate for Governor of Florida, and his wife Mildred, will be held on Thursday, October 29th at the American Legion Home, 625 Okeechobee Road, West Palm Beach from five until seven P. M.

Mr. and Mrs. Stewart Spooner of Ft. Myers were the recent guests of his mother, Mrs. J. P. Spooner. While here they attended the funeral of R. O. Shackford.

Supervisor Has To Produce Money

It appeared Monday that Daniel Gorham, county supervisor of registration will have to produce \$7,908.99 or show cause why he shouldn't return the money collected for operation of his office.

Horace Brasley, candidate for the registrar's post, asked the county commission to explain why an audit of Gorham's office showed the funds not having been accounted for.

County Attorney Harry Johnston told the commission that it had no jurisdiction in the matter and further advised the board that the audit had been called to the attention of the State Comptroller. The comptroller, Johnston reported, has written a letter to the supervisor ordering the money turned back to the county or for Gorham to show the authority for retaining the money.

RETURN FROM VISIT

Mr. and Mrs. J. V. Thomas have returned from a visit with relatives in north Florida.

Board Will Boost For Local Member State Road Board

The Palm Beach County Commission Monday decided to await the outcome of the November election before making a concerted effort to have a county resident named to the State Road Board.

Commissioner George Warren, Delray Beach, said it had been years since the county had a representative on the board. He said he had contacted both gubernatorial candidates and had received an answer from GOP candidate Holley, assuring Commissioner Warren that this county would be given the same consideration as the other counties in the district, in selection of road board members. Democratic Candidate Burns had not answered Warren in time for Monday's commission meeting.

Warren asked the board to immediately solicit the support of both candidates for a road board appointment. He withdrew his motion after Commissioner Lake Lytal said he believed it would be more effective to wait until after the election and "then go to work."

The board voted to approve Warren's plan but decided to wait until after the election to start action.

Commissioner Paul Rardin searched back in his memory and said the county hadn't been represented on the board since the period 1933-41, when two Glades residents served 4-year terms on the board.

Glades Road Jobs Are Now Underway

Work has been started on three urban multi-laning projects totaling \$1,288,363 in Palm Beach County communities, the State Road Department announced today.

District Four Road Board member John H. Monahan said the first project, a \$587,439 contract awarded to Crabtree Construction Company of West Palm Beach, provides for the four-laning of State Road S-809 north of Riviera between the Florida East Coast Railroad tracks and U. S. 1. A 16½-foot median strip will be provided between traffic lanes. The contractor has 220 working days to complete the project.

R. H. Wright, Inc., of Fort Lauderdale is the contractor on a \$475,907 project which provides for the six-laning of Airport Road at Belle Glade between State Roads 715 and 15.

The third project will provide four lanes of traffic on Bacom Point Road in Pahokee from a point near the City Park where four-laning stops to a point one mile further south on Bacom Point Road. J. M. Whittaker and Sons of Sebring have been awarded the \$256,107 contract and have 160 days to complete the project.

Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

A resident of Boutwell Road told the county commission this week that his home is being peppered with buckshot from the guns of hunters and asked that action be taken to stop the shooting before someone is seriously hurt.

He was Lloyd Kenny who told the board the guns "are being fired by people who don't know how to use them." Kenny said at least one man had been sprayed with shot

and a number of houses had been hit.

"They fire at anything that flies," Kenny told the board.

Commissioner Chairman Edward Bandlow assured Kenny that the land would be posted if the owner would give his consent. Bandlow said he had contacted the trustee of the property and was trying to get permission to put up "no hunting" signs in the area.

In other actions this week the

commission:

Tabled an invitation for a Palm Beach County float to be included in a parade set for Tallahassee as part of inauguration ceremonies for the state's new governor.

Accepted a luncheon invitation from the board of directors of Norton Gallery, for Nov. 5th.

Referred to the county legal department, a request from the Isaac Walton league asking the commission to endorse legislative action seeking to eliminate the Florida Inland Navigation District.

Approved arrangements asked by Butler Aviation, base operator at International Airport, to make office space available to the Flying Tigers Airlines. According to the request, the airlines is using a fleet of five planes to carry passengers between New York and the Bahamas and wishes to bring the planes to International Airport for maintenance between flights on the passenger run.

Authorized the County Engineer and Zoning Department to draft a tentative change to county zoning regulations dealing with types of soil suitable for subdivision development.

Voted to stop payment on about \$500 worth of county warrants never presented for payment.

Voted to help the town of Palm Beach in a battle against erosion which threatens to destroy a section of Ocean Blvd. between Sloan's Curve and the Widner Estate in Palm Beach. The project will be a combined effort of the town, county, and State Road Department.

Basic management principles which can be applied to all kinds of businesses are to be discussed.

The program is designed to give an understanding of basic requirements and considerations necessary to starting one's own business.

State Income Tax Is Being Studied

TAMPA—A state income tax, abolition of Homestead Exemption and repeal of tangible and intangible personal property taxes were all suggested to members of the Florida Council of 100 recently at a meeting in Tampa.

R. Bob Smith, Tampa accountant, outlined ideas on abolition or modification of the Homestead Exemption Act, plus the contention the total ad valorem tax burden per capital in Hillsborough County is too low.

Mayor Herman Goldner of St. Petersburg described his county's tax structure as "completely obsolete." He called for fair evaluation of property on a uniform basis throughout the state.

William R. Hough, vice president of the Florida Securities Dealer Association, called the intangible tax "double taxation" and recommended its repeal.

Dr. W. M. Shenkel, associate professor of real estate at the University of Florida, recommended the establishment of a state tax commission which would equalize assessment statewide.

Additional meetings on taxation problems will be held in Miami, Oct. 29 and in Pensacola, Oct. 27. Meanwhile the council's report on its findings is scheduled for release sometime in November.

A message from the Treasury of a free people

How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with
U.S. SAVINGS BONDS

New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

*The Treasury explains why the new ones you buy and the ones
you own now are better than ever*

Q: How does the new $3\frac{3}{4}\%$ interest rate benefit me?

A: With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to $2\frac{1}{4}\%$ for the first year and a half; then a guaranteed 4% each year to maturity.

Q: When did the new rate become effective?

A: June 1, 1959.

Q: Does the new rate change the Bonds I bought before June 1, 1959?

A: All older E and H Bonds pay more now—an extra $\frac{1}{4}\%$ from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

Q: Will the Bonds I own automatically earn their new rate?

A: Yes. You don't need to do a thing—just hold on to your Bonds.

Q: When my E Bonds mature, will they keep on earning interest?

A: Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

Q: With the new interest rate, should I cash in my old Bonds and buy new ones?

A: No. The automatic $\frac{1}{4}\%$ increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

Q: How are series H Bonds different from series E Bonds?

A: The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

Q: In what denominations can I buy series E and series H Bonds?

A: E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000 and \$10,000. They are priced at face value.

Q: How safe are U.S. Savings Bonds?

A: Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

Q: What if my Bonds should be lost, stolen or destroyed?

A: You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

Q: Where can I buy Bonds?

A: Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.

Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

A: Peace costs money—money for military strength and facilities. And money saved by individuals helps keep our economy sound.

YOU SAVE MORE THAN MONEY WITH U. S. SAVINGS BONDS
